What do you not know about double negatives?

Donald Trump got the world talking about double negatives as he tried to clarify controversial remarks he made in Helsinki. The US president announced that he had not meant to say that "I don't see any reason why it would be" Russia who had interfered in the 2016 US election.

"The sentence should have been", he added, "'why it wouldn't be Russia'. Sort of a double negative."

As we know, "double negatives" can be problematic when solving numeracy problems! Can you answer all the questions in our **Presidential Double Negative Quiz** below correctly? Or sort of!

1. $6 - (-4)$ 2. $-7 - (-2)$ 3. $-3 \times (-9)$ 4. $-24 \div (-8)$

****BONUS CHALLENGE**** Can you think of an example where two positives make a negative???

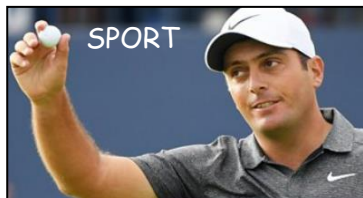

Francesco Molinari wins The Open

Francesco Molinari has become the first Italian to win a major, holding off a pack of star names to claim The Open Championship at Carnoustie with a winning score of -8.

Justin Rose, Rory McIlroy, Kevin Kisner and Xander Schauffele all scored -6.

Eddie Pepperell and Tiger Woods both scored -5.

Calculate the mean score of the top 7 players.

	MOLINARI, Francesco	-8
	ROSE, Justin	-6
	MCILROY, Rory	-6
	KISNER, Kevin	-6
	SCHAUFFELE, Xander	-6
	PEPPERELL, Eddie	-5
	WOODS, Tiger	-5

France's Kylian Mbappe 'Will donate World Cup earnings to charity'

Everyone was talking about Kylian Mbappe when he was on the pitch but now the World Cup is well and truly over it seems everyone is continuing to talk about him off the pitch and this time it's not for his football skills but

for his overall generosity as he's giving his World Cup earnings to a charity.

Mbappe earned £17 000 for each game he played plus a £265 000 bonus for winning the tournament.

He played in 3 group games, a last 16 tie, a quarter final, a semi final and the final itself. How much did Kylian donate to charity?

Kellogg's have made Coco Pops healthier

Kellogg's are ahead of the Government's goal of 20% less sugar in cereal by 2020.

They have slashed the amount of sugar in Coco Pops by a whopping 40%!

(a) Write this figure as a fraction and a decimal.

According to Kellogg's 85% of children don't notice the difference.

(b) Write this figure as a fraction and a decimal.
