Australia-UK: First non-stop flight arrives in London from Perth

The first scheduled non-stop flight between Australia and the UK has touched down in London's Heathrow Airport last Sunday.

It is part of ambitious plans by Qantas to add ultra long-haul flights to its schedules.

Qantas Flight QF9 completed its 9012.8 mile journey from Perth in 17 hours 12 minutes.

Calculate the average speed of the plane.

It costs a fortune to fill this year's Panini World Cup sticker album!

It will cost a lot of money to fill this year's Panini World Cup sticker album, according to a leading mathematician.

He considered the cost after Panini announced the price of a pack of five stickers was increasing from 50p to 80p.

The album has 682 spaces and on average a collector will have purchased 4832 stickers before completing the book.

- What is the percentage increase in the cost of one pack of stickers?
- How much will it cost the average collector to complete the book?

Revise seven hours a day over Easter, says education expert

Students with exams this summer should study for seven hours a day over the Easter holidays, an education expert has said.

He said: "The students who get the best grades will be working this hard."

If the Easter Holidays last for a fortnight, how many minutes of studying is this altogether?
Give your answer in WORDS.

72% of all Americans will have Netflix by 2028

Netflix and its global dominance of the streaming market shows no signs of slowing down, with a new report claiming that 72% of all Americans will subscribe to the streaming service by the year 2028.

Write this figure as a decimal and a fraction.
