Snapchat owner worth up to \$25bn despite making losses

Snap, owner of the Snapchat messaging app popular with teenagers, is to sell its shares on the US stock market.

The business is expected to be valued at between \$20bn and \$25bn, although Snap has never made a profit. It will turn the company's founders into multi-billionaires.

Snap now has nearly 160 million daily users. This is considerably less than it's social media rival Facebook who draw in 1.2 billion daily users.

How many more daily users does Facebook have? Give your answer in **WORDS**.

Bill Gates Is Likely To Become The World's First Trillionaire

Bill Gates will likely be the world's first trillionaire, according to a report from Oxfam. The charity suggests that it may happen in 25 years, thanks to the exponential growth of his existing wealth. The 61-year-old Microsoft founder's current level of wealth stands at \$84 billion.

What is even more impressive is that Gates has donated $33\frac{1}{3}\%$ of the amount of his current wealth to charitable causes.
