One in three children 'not active enough', finds sport survey

One in three children in England does fewer than 30 minutes of physical activity a day - half the amount recommended by government guidelines, a report by Sport England suggests.

(a) Write this figure as a decimal and a percentage.

The online survey was answered by 120 000 five to sixteen year olds.

(b) How many young people in the survey do fewer than 30 minutes daily exercise?

Oil flows from BP Clair Ridge development off Shetland

Oil from BP's major Clair Ridge development, which is expected to produce for the next four decades, has begun to flow.

The Clair field, west of Shetland, was discovered in the 1970s and is expected to recover an estimated 640 million barrels.

There are approximately 159 litres of petrol in a barrel of oil.

The average price of a litre of petrol in the UK is currently approximately £1.24.

How much money would be raised from this oil if it was all made into petrol and sold at the average price per litre?
