Argentina win the Qatar World Cup 2022

Lionel Messi finally achieved his World Cup dream as Argentina won their third crown on penalties in one of the greatest finals in the tournament's history.

Argentina won the shootout 4-2 against France after a spectacular game in which Messi scored twice and Kylian Mbappe scored a hatrick. It is no surprise that this was the highest scoring World Cup of all time!

Wales, Tunisia, Qatar, Denmark and Belgium were the lowest scorers in the tournament with 1 goal each. Mexico, Uruguay and Canada each scored one more goal than this.

Poland, Saudi Arabia, Costa Rica and the USA all scored 3 goals.

Australia, Ecuador, Cameroon and Iran all scored one more than the 4 teams above.

Senegal, Japan, Switzerland, Serbia, Ghana and South Korea all scored 5 goals each.

Germany and Morocco both scored 6 and Brazil and Croatia both scored 8 goals.

Spain scored 9, the Netherlands scored 10, Portugal scored 12 and England scored 13 goals.

Argentina scored 5 times the number of goals that Poland did.

France, the tournament top scorers, scored 4 times the number of goals scored by Iran.

- How many goals did the tournament winners Argentina score?
- How many goals did France score during the tournament?
- How many goals were scored in the Qatar World Cup 2022 altogether?

Elon Musk overtaken as world's richest person

Airport security rules on liquids and laptops to be relaxed

The rules limiting the volume of liquids allowed on planes and requiring electronics to be taken out of hand luggage in security are to change by June 2024.

Since 2006, liquids have been limited in volume to 100ml and must be shown in a clear plastic bag.

But this will no longer be a requirement and passengers may bring up to 20 times this amount through security.

What is the maximum amount of liquid set to be allowed to bring through security once these rules are changed? Give your answer in litres.

Man thinks he's found 'baby Jesus' in a packet of Revels

A man from Kilwinning was stopped in his tracks when he found a "mini baby Jesus" inside his bag of Revels.

He could not bring himself to eat the Revel and has kept it in the fridge for the last 20 months!

There are 480 calories per 100 grams of Revels.

How many calories are there in a standard 35 gram bag?
